

Civil Engineer

Bozen (BZ) and/or Peschiera del Garda (VR), full-time

TerraX Srl/GmbH is an innovative company in the field of the development of energy generation systems from renewable sources. In particular, the focus lies in the generation of renewable gases - primarily hydrogen - from local, sustainable resources, especially biomass.

Hence, to strengthen our team in our office in Bolzano (BZ)/Peschiera del Garda (VR), we are looking for a **Civil Engineer** for the development and planning of renewable energy production plants.

Your profile:

- Successfully completed technical university degree (Master's or equivalent), preferably in engineering or related fields, or a technical high school diploma, preferably in the field of civil engineering, environment, or spatial planning
- Excellent knowledge of civil engineering contexts, especially regarding renewable energy production plants
- Ideally, several years of professional experience as a civil engineer in the renewable energy sector
- Oral and written communication skills in the technical field
- Fluent in German, English and Italian
- Excellent interpersonal skills, as well as problem-solving and teamwork skills
- Confident use of MS Office and excellent AutoCAD skills
- Meticulous and reliable work ethic
- Willingness to travel occasionally

Your tasks:

- Preparation, editing and adaptation of design, execution, and as-built plans, as well as detailed drawings
- Qualified operation of CAD systems
- Processing of as built and documentation documents
- Technical support during the permitting process
- Coordination with the project developers responsible for the respective projects
- Close cooperation within the team as well as with consultants, contact persons and suppliers
- Preparation of concepts, analyses, and calculations

We offer:

- Innovative, future-oriented projects in an exciting, broadly varied field of work
- Cooperation in an interdisciplinary, highly motivated, and constantly growing team
- Development opportunities and assumption of additional responsibility
- Attractive earning opportunities aligned with performance
- Secure workplace with a family-like character, flat hierarchies, and excellent working atmosphere

Do you want to continuously develop yourself and actively contribute to the decarbonization of our planet?

Then we look forward to receiving your detailed application at info@terrax.it!
